Liberal, Pi-Model of Engineering Education @ SPIT

(Department of Electronics Engineering)

CURRICULUM SCHEME FOR UNDERGRADUATE ACADEMIC PROGRAM (ELECTRONICS ENGINEERING) AT SPIT

2020 ITERATION: ELECTRONICS DOMAIN (ETRX Branch)

(For 2020-2024 batch)

Salient Features

- 160-Credit **Liberal** Engineering Education Model.
- A strong **program core of 12 courses** and **6 baskets of program electives** to ensure the breadth and depth in a chosen domain of studies. Program electives are arranged either to grow in a specified vertical or have diversified exposure.
- Full semester industry internship to interested students.
- Aggressive model of "Learning-by-doing". (Engagement in classroom and laboratory sessions is 50:50)
- Special tracks for "Minor" Certification for interested learners, ensuring significant awareness of additional discipline leading to multiple specializations
- Unique, multi-track model of "Honors" Certification, for well performers for enhanced depth in the domain of study.
- Special sequel of optional **industry floated** "SCOPE" courses (Skilled Certification for Outcome-based Professional Education) for interested learners, ensuring high technical skills, in the diversified cutting-edge technologies.
- First-of-its-kind-in-education blend to Engineering Curriculum. "ABLL@LLC"® (Activity Based Liberal Learning about Life, Literature and Culture) in allEIGHT semesters, ensuring all dimensional holistic growth of the learner. These eight activity based mini courses are offered as two sequels namely "SEVA"® (Social Empowerment through Various Activities", and "SATVA"® (Self accomplishment through various Activities).

This curriculum aims at development of an **all-rounded** personality. It follows **holistic** approach of education, ensures strong science, mathematics foundation and program core, develops expertise in domain vertical though sequel of electives, ensures significant exposure of additional discipline through "Minor" program, collaborates outside world for the imparting relevant skills through "SCOPE" courses, challenges good learners through "Honors" evaluation, and systematically develops soft skills, and social, physical, mental, spiritual personality through carefully articulated **Liberal Learning** and **Humanities** sequels. Thus, offers a unique, liberal "**Pi-Model**" of Engineering Education.

Program Core

At SPIT, every undergraduate program consists of **Twelve Core Courses** referred as **Program Core**. Several academic models from reputed institutions in the country and outside the country are studied in articulating this Program Core, to make curriculum Globally Competitive. All courses in this Core have laboratory component to augment the learning. Each program core course has additional optional component of "Contents beyond the curriculum" which is carefully designed to ensure additional 15-20 hours engagement of the learners. The learner thus is nurtured towards the "Self-Learning" and "lifelong learning" which are essential attributes of 21st Century learner.

Program Electives

At SPIT, every program has **Six baskets** of Program Electives, each basket having minimum 3 courses. This enables learner to grow in a **domain-specialization** or **domain-vertical**. For example, learner can graduate with B.Tech Electronics with vertical in "Embedded Systems" or "VLSI" or "Signal Processing". Or a learner can graduate with B.Tech Computer Engineering with specialization in "Security" or "ML & AI" or "Computer Networking" or "Data Science". At the same time, learner can increase her bandwidth opting for elective courses which are general in nature, not pointing out towards a specific vertical.

Open Electives

Every undergraduate program has three baskets of open electives. This is planned to give exposure to interdisciplinary and cross disciplinary domains. The courses in these baskets are planned both at department and institute level. Students can choose any combination of these courses (not floated by the parent department) to get familiar with other domains of learning. One of these open electives must be chosen from Basic science courses or Engineering Science courses. This unique approach of offering additional basic science or engineering science elective at senior level aims at appreciating the importance of other domains of learning.

Humanities and Social Science Electives

National Education policy 2019 has aptly spelled out the necessity of Humanities in the Professional Education. It quotes, "A holistic and liberal education as described so beautifully in India's past is indeed what is needed for the education of India in the future to truly lead the country into the 21st century and the fourth industrial revolution. Even engineering schools such

as the IITs must move towards a more liberal education integrating arts and humanities". Every program at SPIT has three baskets of humanities. Learners are encouraged to take diversified courses in the field of languages, law, history, economics, management, finance etc.

SCOPE Certification

This unique sequel is designed to systematically develop skills required for an industrial sector. SPIT is partnering with various industries to offer the high-end skills required for a specific industrial sector. Well performing students can stretch the envelop and add new dimension to their Professional Personality by earning this certification. There are multiple tracks for SCOPE certification. Each track is offered with partnership with reputed institution or industry. These tracks are jointly designed by SPIT and partnering industry. Each track has four courses (modules). Each module/course is of 2-3 credits including laboratory component for most of the tracks. These tracks are also open for outside learners, leading to Certificate Program in a chosen domain.

Minor Certification

This additional and optional certification provides an opportunity to learner to develop the leaners in the additional domain of interests. It broadens the education and ensures the multi-disciplinary development which is essential attribute of 21st century engineer. However, this is optional. Well performing students can stretch the envelop and add new dimension to their Professional Personality. Each track for this minor certification is offered either by SPIT or with partnership with other reputed institutions. Each track has four courses (modules). Each course is of 3 credits and laboratory component if any. These tracks are also open for outside learners, leading to Certificate Program of 12 credits in a chosen domain.

Honors Certification

While the Minor and SCOPE certifications aim at adding additional professional dimension to the professional personality of the learners, the Honors certification gives opportunity to well performing learners to drive deep in the chosen field of study. Multiple plans/ways are planned to encourage learners to earn this certification which essentially excite the learners to push anenvelope and go extra/deep in the chosen area of the study. Students earn additional stars (*) as shown in Table 1 during their program. If at the time of graduation student earns total **TWELVE** stars, she is conferred with "Honors" certification.

Table 1: Additional "STAR" Earning leading to "Honors" certification

| Activity | Definition of "STAR" | | Maximum Limit |
|--|--------------------------|---------------|------------------|
| Earning top grade in any of the 12 courses | Top Grade: Full STAR | | 8 STARs |
| which constitute the program core. | Next GRA | DE: Half STAR | R |
| Enrolling additional "Honors" Course at | Top Gra | ade: 3 STARs | 6 STARs |
| fourth year. | Next GRA | ADE: 2 STARs | |
| | Next GR | ADE: 1 STAR | |
| Success in the GATE examination | Percentile | STARs | 8 STARs |
| | Score | Earned | |
| | Above 99 | 6 | |
| | Above 98 | 5 | |

| | Above 90 | 4 | |
| | Valid score | 2 | |
| Research Publication | Journal* :2- 6 STARs | | 8 STARs |
| | SPIT supported Patent: 3 | | |
| | STARs | | |
| Completion of PG level on line course | Percentile | STARs | 6 STARs |
| from IITs available on NPTEL | Score | Earned | |
| | Above 95 | 3 | |
| | Above 90 | 2 | |
| | Above 80 | 1 | |
| #Winning prestigious technical | Rank | STARs | |
| competitions at National level | | Earned | 6 STARTs |
| | 1 | 4 | |
| | 2 | 3 | |
| | 3 | 2 | |
| **Enrolling for optional "Special Honors | Above 7 | 0% : 3 STARs | 8 STARs |
| Paper" in Semester 3, 4, and 5. | Above 60%: 2 STARs | | |
| | Above 5 | 50%: 1 STAR | |

^{*}In identified journals only. No of STARs to be decided by Institute Committee.

#In identified events by the institute

^{**}This special paper will cover all core courses in the semester and its difficulty level will be higher than the normal end semester examination paper. The question paper will be of GATE standard.

Activity Based Liberal Learning about Life, Literature and Culture (ABLL@LLC)

"Education will fail ignominiously in its objective if it manufactures only a robot and called him an economic man stressing the adjective economic and forgetting the substantive man. A university cannot afford to ignore the cultural aspects of education whatever studies it specializes in. Science is a means, not an end. Whereas culture is an end in itself. Even though you may ultimately become a scientist, a doctor, or an engineer, you must, while in college, absorb fundamental values which will make you a man of culture.."

Kulpati Dr. K. M. Munshi

How aptly our visionary founder has given direction to the education. His wisdom towards education inspires, encourages us to experiment in the field of education, to make it as relevant and helpful to the society as possible. Mahatma Gandhi once quoted, "By education I mean an all-round drawing out of the best in man; body, mind and spirit."

Recently announced National Policy on Education-2019, reconfirms this and profoundly stresses the need of liberalizing the higher education including professional education. It quotes, "Higher education must develop good, well-rounded and creative individuals, with intellectual curiosity, spirit of service and a strong ethical compass". Moving towards a more liberal undergraduate education is one of the most important features of this policy. It narrates, "The needs of the 21st century require that liberal broad-based multidisciplinary education become the basis for all higher education. This will help develop well-rounded individuals that possess critical 21st century capacities in fields across arts, humanities, sciences, social sciences, and professional, technical, and vocational crafts, an ethic of social engagement, and rigorous specialization in a chosen field or fields. Such a liberal education would be, in the long run, the approach across all undergraduate programs, including those in professional, technical, and vocational disciplines. Imaginative and flexible curricular structures will enable creative combinations of disciplines for students to study, thus demolishing currently prevalent rigid boundaries and creating new possibilities for lifelong learning. The notion of 'knowledge of many arts'- i.e. what is called 'liberal arts' in modern times — must be brought back to Indian education, as it is exactly the kind of education that will be required for the 21st century."

We at Bhavan's SPIT, make sincere attempt to blend engineering education appropriately with arts, humanities, crafts, ethic of personal and social engagement to ensure holistic development of the learner. We have carefully designed liberal learning courses covering Life, Literature, and Culture (LLC @ LLC) for all the semesters of the program. Learner concurrently studies these courses. These courses broadly fall under two groups, namely "SEVA (Social Empowerment through Various Activities)" and "SATVA (Self Accomplishment through Various Activities)". Each of these groups, has four modules as indicated in Table 2 and Table 3. Further each module has multiple courses of 1 or 2 credits (An engagement of 35-40 hours is expected to earn one credit). Every learner at SPIT is expected to take 1 such course on LLC every semester. We strongly believe that these EIGHT liberal learning modules will help us to appropriately blend the professional education as envisaged by the National Policy Makers.

SUGGESTED LIST OF COURSES (INDICATIVE ONLY)

Open Electives I and II

| OEXXX | IoT and I ² oT |
|-------|--|
| OEXXX | Cloud Computing |
| OEXXX | Augmented and Virtual Reality |
| OEXXX | 3D Printing |
| OEXXX | Industrial Automation |
| OEXXX | Artificial Intelligence and Machine learning |
| OEXXX | Cyber Security & Digital Forensics |
| OEXXX | Block Chain Technology |

PROGRAM ELECTIVE COURSES

Assumptions

- Some Elective courses may be of interest to the students of both the branches.
- 4 Electives are sufficient to specialize in a particular vertical/thread/area.

| PE/TD | PE1 | PE2 | PE3 | PE4 | PE5 | PE6 |
|----------|------------|------------|------------|-----------|-------------|-------------|
| THREAD 1 | 1T11 | 1T12 | 1T13 | 1T14 | 1T11,1T12, | 1T11,1T12, |
| THREAD 2 | 1T21 | 1T22 | 1T23 | 1T24 | 1T21,1T22, | 1T21,1T22, |
| GENERAL | 1T11,1T12, | 1T11,1T12, | 1T13,1T23, | 1T13,1T23 | 1X,2X,1Y,2Y | 1X,2X,1Y,2Y |
| | 1T21,1T22, | 1T21,1T22, | 2T13,2T23, | , | 2T11,2T12, | 2T11,2T12, |
| | 1X,1Y,2X, | 1X,1Y,2X | 1P,1Q,2P, | 2T13,2T23 | 2T21,2T22 | 2T21,2T22 |
| | 2Y | ,2Y | 2Q | , | | |
| | 2T11,2T12, | 2T11,2T12, | | 1P,1Q,2P, | | |
| | 2T21,2T22 | 2T21,2T22 | | 2Q | | |

In this case the Nth Department has to offer 1T11,1T12,1T21,1T22, 1X,1Y, 1T13,1T23,1T14,1T24, 1P,1Q,2P,2Q i.e. 12 Courses to take care of 6 Elective Baskets

Sample ETRX Programme Elective Threads

| PE/TD | PE1 | PE2 | PE3 | PE4 | PE5 | PE6 |
