About

SPIT library is a knowledge resource center, which has an invaluable resource for the students and faculty members in the area of Engineering and Technology. It is providing effective information services to the users within a shortest possible time using SLIM library management software.

Library has a collection of more than 20000 books and subscribes to National and International periodicals along with several online journals. To aid the print versions of journals, library also has subscription of following online journals and e-books.

1. IEEE ASPP
2. ACM
3. Springer E-Books
4. Wiley E-Books

Library resources are well organized in 500 sq. meter Area, where around 150 can sit at a time and they are monitored by CCTV Cameras.

To fulfill ever growing information thirst of our students and staff, Central library has taken Institutional membership of British Council Library (BCL), Mumbai. Users can refer this library or borrow the books from it.

Library provides computer center facilities to students for Internet, Photocopying, Scanning and Printing Services.

Objectives of Library

- ➢ To develop an enriched collection of books and other resources to the students and staff of SPIT.
- ➢ To implement new technologies learnt for betterment of our library services.
- ➢ To see institute library as the front runner in implementing the new information and communication technologies.

Mission:

SPIT Central Library supports the main objective of institution to build a renowned institute which will produce world class graduate engineers with social sensitivity. It is also committed to support institute's mission of providing high quality education in engineering and technology promoting Indian Values and Ethos, promoting an educational environment which will combine academic study with the excitement of intellectual curiosity, enhancing career opportunities for students, inculcating entrepreneurial mindset in students to make them job creators, focusing on applied research to create next generation technologies.

The Library is well-managed and acts as the knowledge hub of the institute. It has good quality of information resources related to engineering and technology field. It identifies, evaluates, and procures, processes then make resources available to faculty, students, and researchers to support teaching, learning and research activities of the institute.

Library collection:

Library Area	500 Sq.m. (Total)
Books	20000 +
Periodicals	77
E-book	Springer : 8312 Wiley : 21
Online Subscription	IEEE ASPP ACM
CD / DVD	1310
Institutional Membership	BCL, Mumbai

Library Timing:

MONDAY TO FRIDAY

For reference 10:00 A.M. TO 8:30 P.M.

Issue/Return of books 10:00 A.M. TO 04:15 P.M.

SATURDAY

For reference 10.00 A.M. TO 5.00 P.M.

Library Users:

Total No. of Users - 1422

Students	1300
Teaching Staff	81
Non-Teaching Staff	41

The only thing that you absolutely have to know, is the location of the library."

Albert Einstein

Teacher's Day

In India, 5th September is celebrated as Teachers' Day as a mark of tribute to the contribution made by teachers to the society.

5th September is the birth anniversary of a great teacher Dr. Sarvepalli Radhakrishnan, who was a staunch believer of education, and was a well-known diplomat, scholar, the President of India and above all, a teacher.

When some of his students and friends approached him and requested him to allow them to celebrate his birthday, he said, "instead of celebrating my birthday separately, it would be my proud privilege, if 5th September is observed as Teachers' day". From then onwards, the 5th of September has been observed as Teachers Day, in India.

Read more at: http://www.careerindia.com/news/2013/09/04/why-we-celebrate-teachers-day-on-5th-september-006376.html

Teachers have an influencing role in the life of every student. They are like beacons of light, guiding us in the formative years of our life. Teachers mould us and in the process and shape our future. What we learn from our teachers remains with us, throughout our life.

However, very often, we fail to show our appreciation and gratitude for their altruistic devotion. Teachers do need encouragement and support from the community to feel that their efforts are being recognized. To serve the purpose, Teacher's Day is celebrated throughout the world, year by year.

By celebrating National Teacher's Day, we thank our teachers for providing us their invaluable guidance.

Engineer's Day – 15th September

HAPPY ENGINEERS' DAY

Bharat Rathna
Sir MOKSHAGUNDAM VISVESVARAYA
1860-1962

Engineer's Day

Engineer's Day is observed in India on September 15 in honour of Sir Mokshagundam Visvesvaraya who was born on the day in 1860.

He was the chief designer of the flood protection system designed and built for the city of Hyderabad, as well as the chief engineer responsible for the construction of the Krishna Raja Sagara dam in Mysore which created the largest reservoir in Asia at that time.

He also designed and patented a system of automatic weir water floodgates that were first installed in 1903 at the Khadakvasla Reservoir near Pune. These gates were employed to raise the flood supply level of storage in the reservoir to the highest level likely to be attained by a flood without causing any damage to the dam. Based on the success of these gates, the same system was replicated at the Tigra Dam project in Gwalior and the Krishna Raja Sagara project in Karnataka.

A recipient of India's highest honour, the Bharat Ratna, in 1955, he was knighted as a Commander of the British Indian Empire by King George V before Independence.

He died on April 14, 1962.
